## NEW CONSTRUCTION PROJECT WITH UNIQUE VIEW TO THE TRAMUNTANA MOUNTAINS

A new constructed Finca for first time occupancy at the edge of a hill, surrounded by the nature of Mallorca, with unique panoramic view up to the Tramuntana mountains.

A new complex construction project built with real hand work, in the eastern region of Mallorca with first-class construction quality and according to German building standards.

A mixture of modern and rustic, convert the design of the house into something very special and give the property the for Mallorca typical mediterranean feeling of home. A light, open living design full of tangible comfort without the presence of technique. Extended over 2 floors with a very clear distribution of the many rooms which are easily accesible through short and open paths.

Sit comfortably on the terrace or take a swim in the infinity pool and enjoy the unique view to the Tramuntana mountains and enjoy the peace and natural atmosphere of the surroundings.
